FANTASY RANGE

Experience color. Taste **perfection**.

MV EASY 2 KOLOR is a twin-flavor machine with a dedicated dispensing block that allows you to add three different ripples. A stainless-steel cabinet stores the three syrup containers, and pressure control makes it easy to adjust the amount. Thanks to the advanced cooling technology of the two freezing cylinders, perfect viscosity is guaranteed with every serving. Compact and easy to use, it is **ideal for offering varied and eye-catching soft serves, even in limited spaces.**

PRODUCTS:

- Soft Serve
- Frozen Yogurt

Models:
MV EASY 2 KOLOR

Excellence in every detail

- **Multiple flavors in one compact space**
  A diverse flavor offering with three different variegation options.
- **Easy-to-use control system**
  The intuitive ECOS system ensures quick and precise management of machine settings.
- **High-efficiency freezing cylinders**
  High-performance stainless steel freezing cylinders with direct expansion ensure fast, energy-saving production.
- **Gear pump**
  Equipped with a stainless steel gear pump with overrun precision control, easy to disassemble and clean.
- **High-capacity hoppers**
  Each hopper is refrigerated and equipped with an agitator and a level sensor to keep the mix uniform for optimal results.
- **Ventilation**
  The air-cooled version is designed to expel heat upwards, allowing installation anywhere, even against walls.

		MV EASY 2 KOLOR
TECHNICAL SPECIFICATIONS		
Number of flavors		2+3 ripples
Control system	ECOS	•
Freezing cylinder feed	Pump	•
Size (h x w x d)		1540 x 600 x 895 mm
Weight		295 kg
Hopper capacity		2 x 17 L
Freezing cylinder capacity		2 x 2.6 L
PRODUCTIVE CAPACITY*		
Hourly production capacity		58 kg
POWER SUPPLY		
Phase		3~
Hertz		50 - 60 Hz
Power		4000 W
REFRIGERATION SYSTEM		
Cooling	Air	•
	Water	•
Number of compressors		1 x Semi-hermetic

*Production capacity can be affected by ambient temperature, the mix used, and machine settings. The information provided is general; therefore, the specific release details should be verified. The manufacturer reserves the right to modify the specifications without prior notice.
